

# Kite

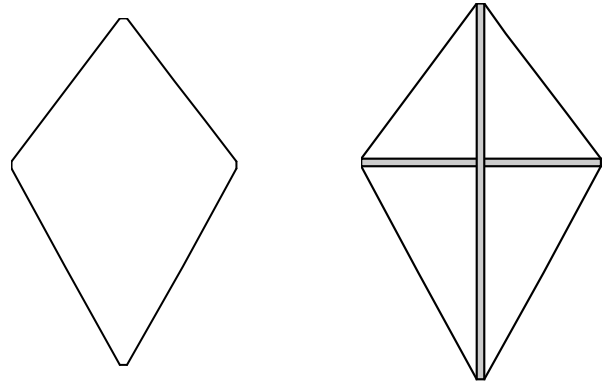

## Materials

Plastic Carrier bag  
Scissors  
Curtain ring  
Sticks (2)

Pencils  
Double sided tape/Pritt Stick  
String

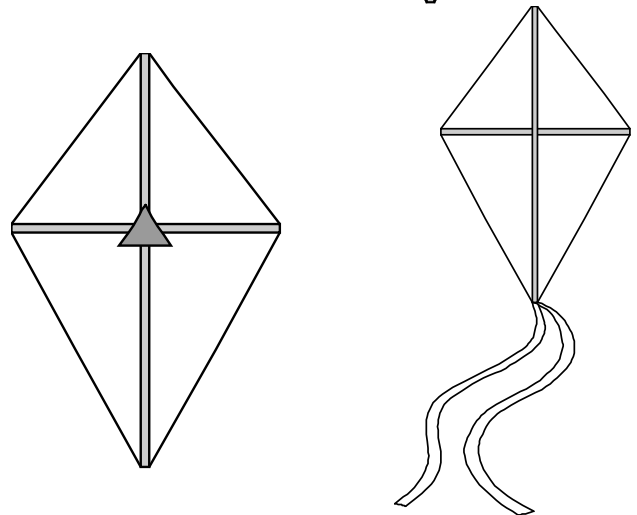

- 1 Draw around the kite and cut onto a plastic carrier bag and out carefully.

Place one stick from top to bottom and the other at right angles from side to side.

- 2 To strengthen the middle of the kite put some tape across the sticks where they meet.

Cut some strips from the remainder of the carrier bag for the tail and attach.

- 3 Cut a length of string, about 2 metres.

Tie one end to the upright stick and the other end to the curtain ring.
