

# 3-D Lions

## Materials

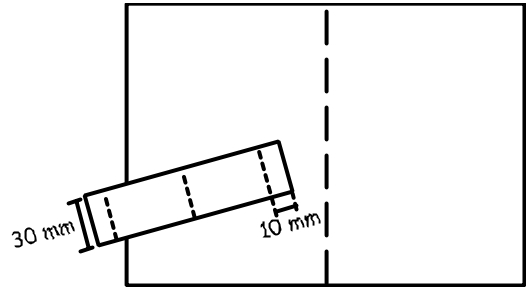

A4 Card  
Scissors

Pencils

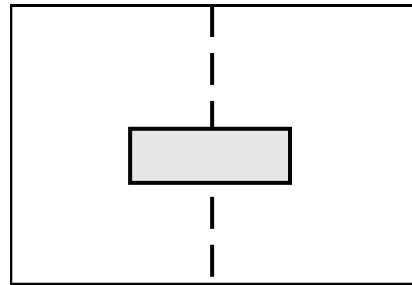

Double sided tape/Pritt Stick

- 1 Fold the A4 card in half along the longer side.

Cut a strip of thin card 30 mm wide and half the length of your card. Fold the strip in half and fold over 10 mm at each end.

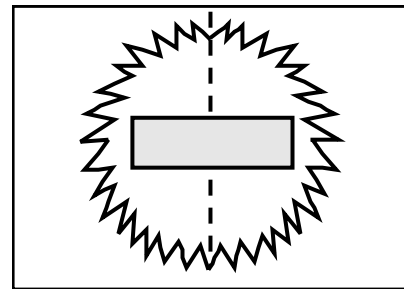

- 2 Lay the strip down the centre fold of the card, matching the centre creases exactly.

- 3 Fold the man in half.

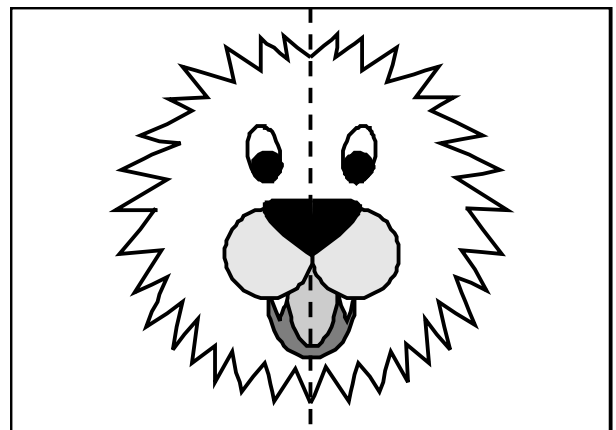

Put some double sided tape or glue down the strip and add the mane, matching the creases.

Make sure that the glue or sticky tape does not go onto the card below.

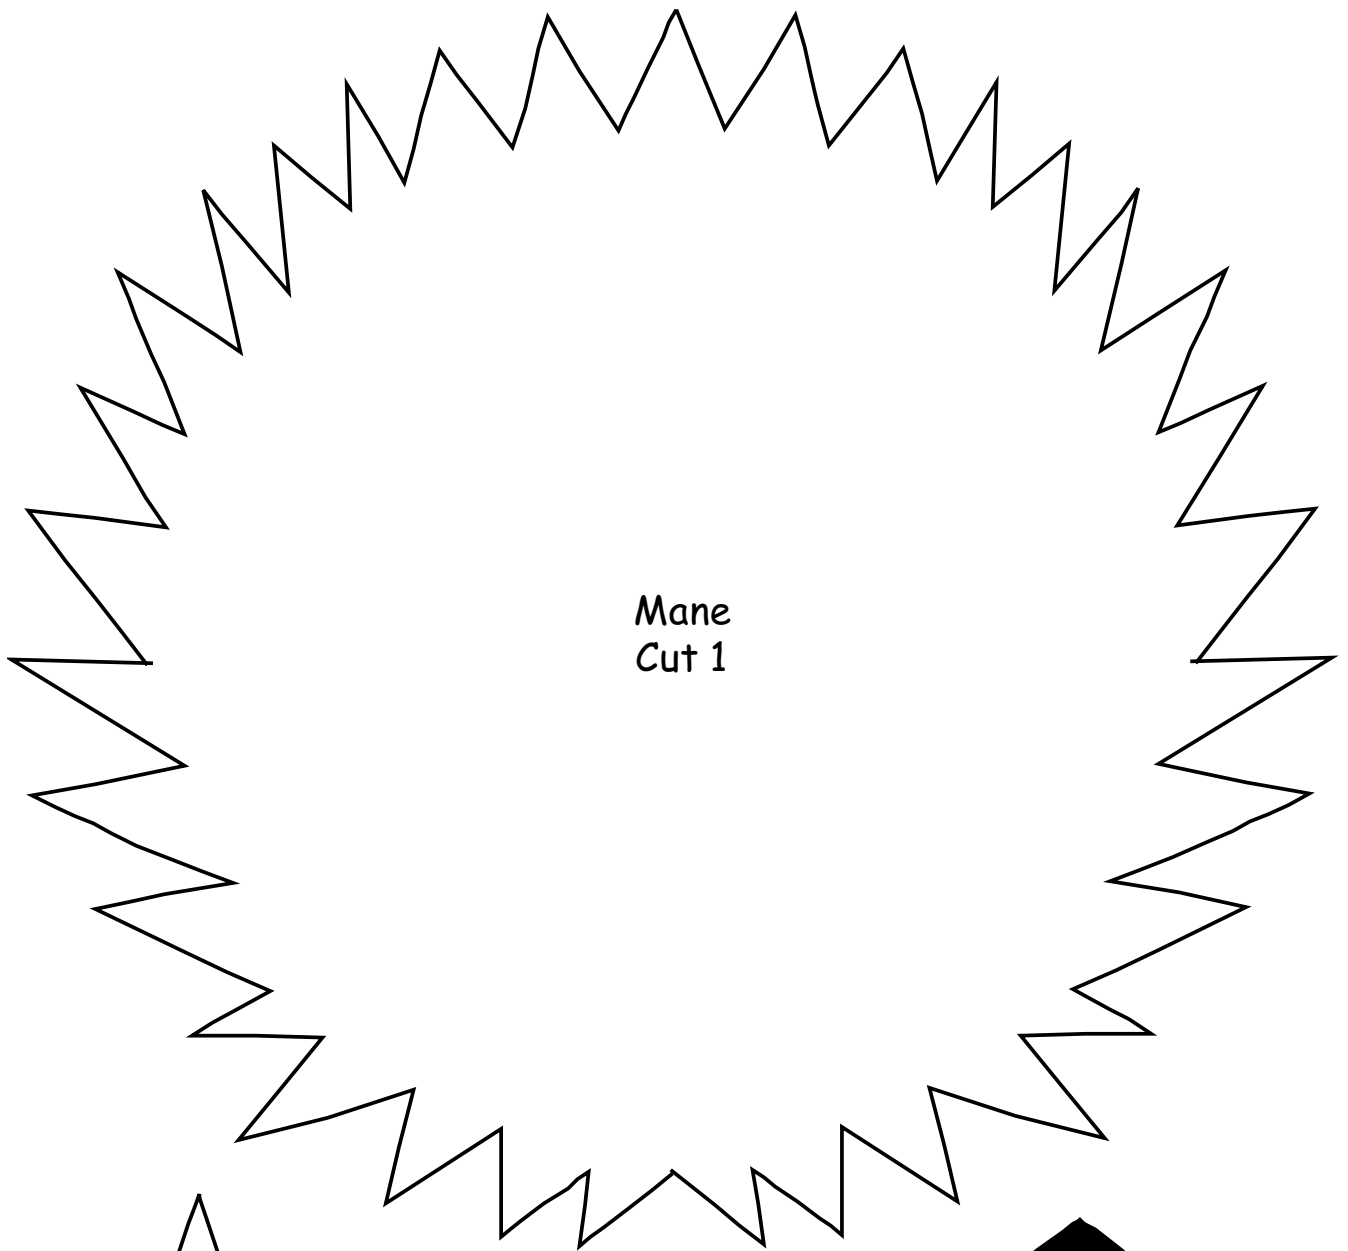

- 4 Add the features to the lions face and add any background you may want.

The lions face will now pop out when you open the card.
