

Lollypop Note Holder

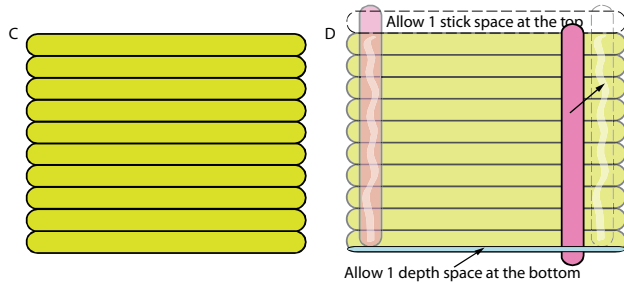

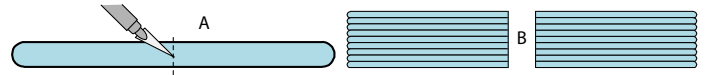

31 lollypop sticks
Glue

PVA glue
Paintbrush

Craft knife

Take 9 lollypop sticks and cut each one in half (A).

Glue 9 half lollypop sticks together one on top of the other, then glue the remaining 9 together in the same way (B).

Take 10 lollypop sticks and place them side by side on the work surface (C).

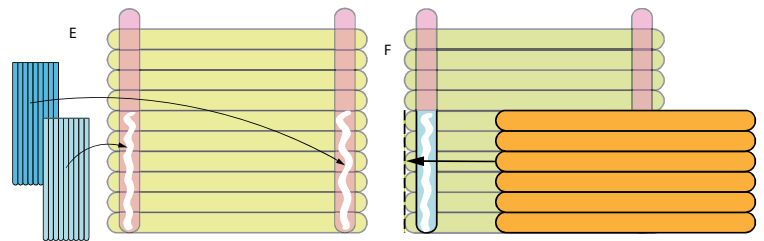

Take 2 more lollypop sticks and put them at right angles either side of the 10 sticks.

Allow 1 lollypop stick depth at the bottom to allow for the base, glue in place (D).

Next put place some glue along the upright lollypop sticks, up to 6 high.

Glue the 9 halves in place (E).

Put some glue onto the top of the halves and carefully place 6 lollypop sticks on top, making sure that the edges on either side are lined up. Leave to dry (F).

Now take 2 more lollypop sticks for the base.

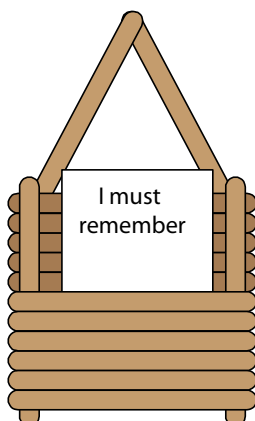

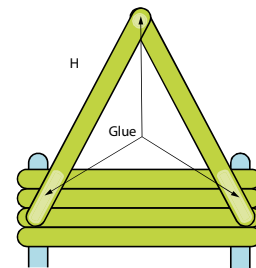

Place some glue along the upright stack of 9 sticks, then place on the lollypop sticks onto the glue and leave to dry (G).

Lastly, glue the hanging sticks in place.

Turn the holder over so that the back side is facing.

Place some glue so that it covers 3 lollypop sticks on either side. Place the 2 hangers onto the glue and press to stick together.

Meanwhile put some glue at the top of the two lollypop sticks and hold together (H).

To varnish, paint with PVA glue and leave to dry.
