

Miniature Indian Headdress

9 large safety pins
Beads

Wire
Glue

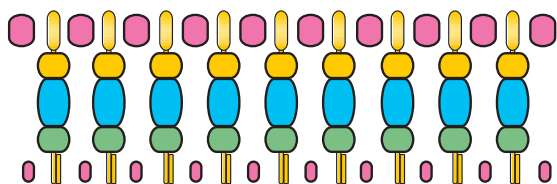

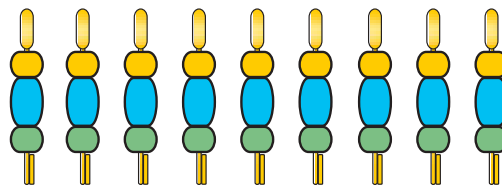

Feathers

Open up 9 safety pins.

Slide on beads as required.

Close the pin.

Use a pair of pincers to pinch the top of the safety pin closed, so it cannot come undone.

Lay out the pins on the surface and add the beads in between at the top and bottom.

Start with the wire at the bottom on one side.

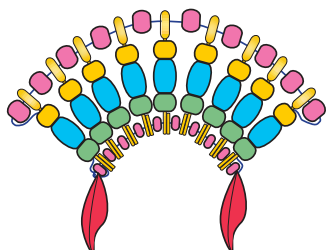

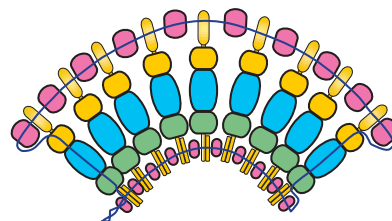

Feed through the beads and pins to the end of the row.

Take up through the beads on the pins to the top.

Feed through the beads and pins at the top.

Feed down the beads on the last pin.

Secure tightly with the other end of the wire and make safe by feeding the ends of the wire up through a bead.

Add some feathers and glue in place on the end beads on the bottom of the headdress.
