

Three Tier Cards

3 pieces of colour card
Pencil

Scissors
Glue

Draw around and cut out the three templates from card.

(You can keep them all the same colour or use different colours for effect).

Take the largest card and fold the half circle shapes inwards then fold them back out again.

Do this on all 4 sides.

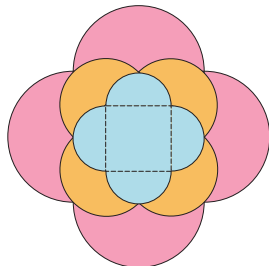

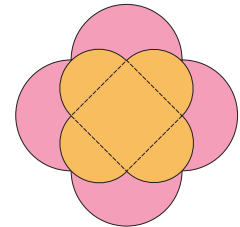

Do the same with the other two sizes of card.

Lay the largest card out flat on a table.

Take the second size card, fold all the half circles inwards and turn 45°.

Turn the card over so that just the square is uppermost and spread some glue on this side.

Place onto the large card in the middle of the square and press down firmly.

Take the third size card, fold all the half circles inwards and turn 45° from the second card.

Turn the card over so that just the square is uppermost and spread some glue on this side.

Place onto the second card in the middle of the square and press down firmly.

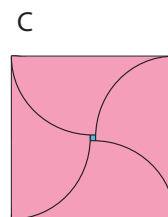

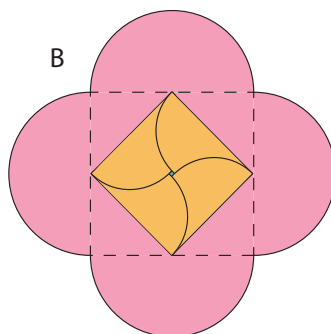

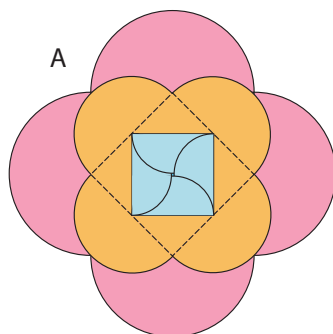

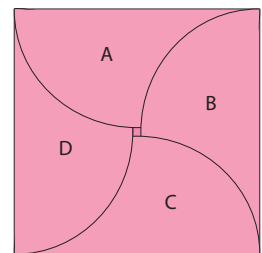

To fold the card:

Fold over flap A.

Fold flap B over the top of flap A.

Fold flap C over the top of flap B.

Fold flap D over the top of flap C, tucking one side underneath flap A to secure in place.

Fold the smallest card as in A.

Fold the second size card as in B.

Fold the largest card as in C.

The card is now ready for your messages.
