

# Wool Spiders

Card (75 mm x 40 mm)  
Pipe cleaners (4 x 150 cm)  
Wool

Stapler  
Goggle eyes

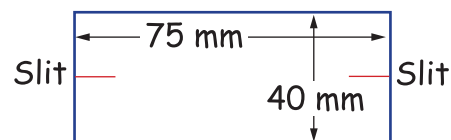

PVA glue  
Scissors

Cut 1 circle 55 cm diameter for the base and cut one slit either side of the circle..

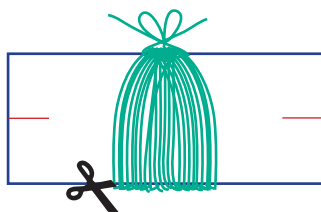

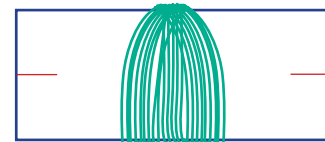

Place the 4 pipe cleaners across the card circle and staple in place.

Cut out the card template for the spider.

Take a piece of wool, which will be used to tie the spider, and secure both ends in the slits at either side.

Make the pom-pom by winding the wool around the card 100 times (approx.) or by winding around four fingers of one hand.

Secure the wound wool with a double length of wool, tightly.  
Snip the loops of wool opposite the knotted side.

Fluff the pom-pom and trim the ends if necessary.

Place over the card with the pipe cleaners and place the double strands of wool through the slits and tie at the back of the card.

Glue on eyes if required.

Bend the legs to make them look like a spiders.
